

Please reject National Association of Broadcaster's (NAB) petition 04-160. I am an XM radio subscriber and pay for services such as the traffic and weather channels. I am also paying to hear a large variety of radio channels available on XM Radio, that are not available through NAB stations. The NAB should not limit the availability and variety of programs that I pay for on XM radio. I do not want to be forced to listen to NAB stations to obtain traffic and weather information.

Thank you,
Russell Bolt
